First car: 1957 Ford - it was red and white.

First date: Probably George Johnson but really can't remember.

First kiss: Can't remember.

Christmas dance date: George Johnson – he was from Glendora High School.

Senior prom date: Tom ? I can't remember his last name. He was from a different high school.

Biggest crush: Everette Jones (He was a Senior when we were Freshmen) He was on the football team. Gosh , I can still picture his face. I guess you don't get over your first crush.

Biggest distraction: Can't remember.

Fondest memory: Cruising with Mary Jane Cole in her red truck or just visiting her and her family. Also being in 4-H with Mary Jane. We helped build a float for a parade and I remember there was a goat on the float that kept eating the plants near me. I'd never been that close to a goat. I have lots of great memories of times in 4-H.

Funniest moment: See below.

Most embarrassing moment: While on a date, I spilled a glass of root beer in my lap. I was so nervous I missed my mouth when I took a drink of root beer.

Biggest accomplishment (personal): Graduated with honors. Also won a blue ribbon for an outfit I made for the County Fair for a 4-H project.

Best summer vacation: Going to Arizona with Mary Jane Cole's family to see the Indian Snake Dance and to the Grand Canyon.

I always remember my years at Azusa High with fond memories. It was a wonderful time in my life because of the great friends I shared those years with.
