Awards, achievements, recognition you have received: Teacher of the year Valleydale School in Azusa

What are your plans/goals for the future? I take one day at a time + am thankful for each one

Personal comments to 1961 classmates: Our lives were drastically changed when I was told I had less than a year to live. At that time bone marrow transplants were experimental. My younger brother was a match so I decided to move forward even though my odds were 50/50. Thank goodness for great health care, family, friends and most of all a loving husband. It's hard to believe it's been 27 years.
